_____ Screenshots Reviews Close to perfection. 3
By Roqhellic It's lightweight, powerful, customizable and has tons of features. It's also portable, so if you're on the go, you don't have to bring your entire computer with you. Nice app. Very easy to use. 5 By LitLeetas I am not an expert on software or text editing, but this software is easy to use. It supports PDFs and will not require a lot of space or bandwidth on your devices. Everything you need is available. One aspect that is not mentioned is

What's New in the Memo Book Portable?
